Tires used: Medium, Soft

Programme: tyres compound test, measurement sensors works

Charles Leclerc

“ This morning I was able to run in the dry. Driving a Ferrari is always an incredible experience. This afternoon, the bad weather didn't help, but all the same I'd like to thank the guys for all their hard work and help. It was a really a great experience. I felt very comfortable in the car. This morning we did some aero work, while in the afternoon, we had a problem with an old power unit, so we didn't do so much running, especially as the weather wasn't that good. All in all, I'm very happy with my day. ”
