Kimi Raikkonen: “I still haven’t had a look at the lap times of the session, but I think we are not as good as we want to be. In the second session it was a bit tricky with the set-up, we had some problems with the handling and we struggled in a few places. This evening we’ll analyse all the data in order to improve and do a better job tomorrow. Having a clear qualifying makes life easier in the race. I don’t know if we can challenge Mercedes, tomorrow is another day, conditions can change and this plays a big part, so let’s wait and see.”

Sebastian Vettel: “I came out of the garage and had a problem. I hit the brakes but suddenly there was a blow and I couldn’t brake properly. Therefore I hit Sergio Perez in the corner. Of course I’m sorry, but I couldn’t do anything else in that moment. I was looking for Sergio to say sorry, but he was still sitting in the car. My fast lap was not perfect, but everything in the car feels good. Of course tonight it was quite different from this afternoon, as it was much colder. It’s hard to say if we got closer to Mercedes, everybody seemed to be closer to them but I’m sure they didn’t show everything today.
