Dear friends,

The race has just ended and I'm writing to you still sitting at the pit wall. I am thinking of Jules and the podium we would have so liked to have dedicated to him, but unfortunately we knew that would be pretty much impossible, without some difficulties for those ahead of us.

I am thinking of you who are supporting Jules, your heart in your mouth. His Marussia crashed with a terrifying impact, but he is fighting like a lion, as he has always done whatever the circumstance. Our guys racing in the WEC in Fuji pulled off the fantastic achievement of finishing on the top two steps of the podium, a result they were thus able to dedicate to him and they deserve a big hand for their performance. We must also congratulate this new Russian GP, with Sochi proving itself able to welcome Formula 1 at its first attempt.

Now our prayers turn once again to our guy and our support is helping him and also his family. So let's do it!

Forza Jules! Forza Ferrari!
