

# Ferrari

Maranello, 12<sup>th</sup> December, 2017

*Cari Amici*

every year you show me a great affection for my birthday, thanks to everyone for your wishes.

I would like to thank you again for the interest you are showing for our young drivers of the Academy.

I know for a fact that they really appreciate it, they feel even more part of this unique family that is Ferrari.

The similarity between SFC and FDA is in the growth we are having and I like to think that this passion is the real driving force behind all of us.

See you soon for Christmas' greetings...

Thanks and, as always, Forza Ferrari!!!

*Marino*
